Conrad Public Schools & COVID-19 (#4)

Conrad Students, Families, Staff, and Community Members:

Thank you to all of the help and support you have provided as we work through this difficult school closure and international health situation. Our staff here at Conrad Public Schools has been working hard over the last couple of days to formulate a distance education plan to implement for all of our K-12 students. I am extremely satisfied with the results of their efforts and have complete confidence that we are leading the way into these uncertain times.

I want to stress the importance of having all hands on deck over these next few weeks. In order for our distance education plan to be successful, it is imperative that we have students and families work together with our staff to ensure our students continue to move forward and are successful in their learning. Our schools have worked hard, and will continue to adjust as needed, to provide the tools, platforms, and strategies necessary to continue education for our students. Daily communication is a must. Organizing structured time throughout every day with your children and teachers to focus on coursework is critical. **Fully expect that your child will begin instruction tomorrow on Tuesday, March 17th.**

In order to support instruction via distance education, our staff has arranged to have any instructional, technology, and support materials picked up at your student's respective schools tomorrow from 7:15-9:00 AM. All pickup will be done curbside at each students' school.

7:15-9:00 AM Tuesday 3/17/2020 Pickup Instructions:

Meadowlark: South Gymnasium doors - please call the office at 278-5620 upon arrival and a staff member will bring materials out to you.

Utterback School: North Main entry doors - please call the office at 273-3227.

Conrad HS: East Commons doors: Students chromebooks and chargers will be ready with any textbook/work that teachers have provided. All other course requirements can be found on It's Learning or Google Classroom. Teachers will be emailing all students. Check your email!

Thanks again for all you help and flexibility in doing everything we can for our students.

Sincerely,

Sean Beddow, Superintendent
Conrad Public Schools
